TRAFFIC AND PARKING PROCEDURES

Driving and parking on school property are privileges granted by the Board to persons who have reasons to be in the schools or on school property.

The school administration will develop in cooperation with local traffic authorities a plan for accommodating the flow of traffic on school roadways, and traffic regulations.

The assignment of parking areas to staff, students, and visitors to the school will be the responsibility of the principal.

The administration is authorized to restrict student parking at the High School if spaces are not available for all students.
