EDUCATIONAL SPECIFICATIONS

During consideration of construction, the Board shall require the Superintendent to develop a set of comprehensive educational specifications for the architect. These specifications, which shall then be discussed in conference with the architect, shall include:

1. Information concerning the plan of school organization and estimated enrollment in the proposed building.
2. A description of the proposed curriculum and the teaching methods and techniques to be employed.
3. A schedule of space requirements, including an indication of relative locations of various spaces.
4. A desired layout of special areas and the equipment needed for such areas.
5. An outline of mechanical features and special finishes desired.
