VIDEO AND AUDIO RECORDING IN SCHOOL CLASSROOMS

The Board recognizes that video and/or audio recordings can serve many valuable purposes that align with our schools' educational mission and program. The Board approves the use of video and/or audio recordings for educational purposes, such as recording student performances for co-curricular or instructional purposes; creating classroom instruction materials; and providing tools for teacher instruction and development, consistent with the district's professional development plan. Parent/guardian consent will be obtained annually for all recordings for educational purposes.

A. Purposes for Which Written Consent is Not Required

1. Written consent is not required for video and/or audio recordings made pursuant to an IEP or 504 Plan, when the IEP or 504 Team determines that such recording is necessary for the delivery of a free appropriate public education (FAPE) or to access an educational program.
2. School recordings of any class, performance, competition, ceremony, instruction, presentation, orientation, training, assembly, or any other school sponsored event that occurs outside the physical confines of a classroom.
3. School recordings of school grounds and facilities for security or other purposes.
4. Recording on school buses as authorized by the School Board pursuant to RSA 570-A:2 (k).
5. Recordings made in compliance with the District's FERPA Annual notice.
